Month DD, YYYY

Dear Village of Round Lake Beach Resident,

As you may recall, last year Round Lake Beach voters approved a program called municipal electric aggregation via referendum in March. Through aggregation, villages bring together residents to gain group-buying power for the purchase of electricity from an alternative retail electric supplier certified by the Illinois Commerce Commission. The Village is now providing you with the opportunity to join other residents in its aggregation program. After a competitive Request for Proposal process, the Village chose Verde Energy USA to supply Round Lake Beach's aggregation program.

While electricity prices have risen over the past year, the Village locked in a fixed rate of **\$0.054768** per kWh through August 2014 for residents and small commercial consumers. The ComEd *Price to Compare* electric generation rate is **\$0.0549 plus a Purchased Electricity Adjustment charge of +/- \$0.005** the ICC estimates to be positive through at least December 2013.

You are receiving this letter because customers who enrolled or were in the process of enrolling with a retail electric supplier other than ComEd prior to the Village's selection of Verde Energy USA are NOT eligible for automatic enrollment in the Aggregation Program. You are one of these customers. This letter is meant to inform you about the aggregation program and let you know that you are eligible for enrollment in the program if you choose to opt-in.

If you want to participate in the municipal electric aggregation program with the Village and Verde Energy USA, you may do so by calling Verde Energy USA at 800-241-0295 and using marketing code **7227** or by logging on to www.ilmunipower.com/RoundLakeBeach/opt-in.

The Village of Round Lake Beach and Verde Energy USA remind residents to check with their current retail supplier about any penalties or fees associated with early termination of your current contract prior to signing up with the Village's aggregation program. There is no termination fee associated with Verde's offer to Round Lake Beach residents. This letter serves as a courtesy FYI only and no action on your part is required unless you want to enroll in the Village's program with Verde.

Regards,

VILLAGE OF ROUND LAKE BEACH
